PEACEHAVEN

GENEROSITY WITH A PLAN:
YEAR-END STRATEGIES FOR IMPACTFUL GIVING

Your gift to Peacehaven connects people of all abilities through inclusive living, learning, work, and play. As 2026 draws to a close, a little planning can help your generosity go further.

Use these dates and options as a starting point. Please consult your financial and tax advisors to determine which strategies fit your circumstances.

Gifts of stock or other appreciated assets
Giving appreciated securities held for more than one year directly to Peacehaven may help you avoid capital gains tax on the donated appreciation. Use our transfer instructions to initiate your gift. Aim to start by December 15, 2026, and confirm your financial firm's cutoff. Processing times vary; gifts intended for 2026 must be completed by December 31, 2026. Contact us before giving other non-cash assets, which may require additional review or an appraisal.

Gifts from your IRA
If you are age 70½ or older when the distribution is made, you may be able to give directly from your IRA through a qualified charitable distribution (QCD). The 2026 annual limit is $111,000 per eligible IRA owner across all qualifying charities. A qualifying QCD is excluded from taxable income and can count toward an IRA required minimum distribution, if one is due. You do not also claim a charitable deduction for the excluded amount. Ask your IRA custodian to complete the transfer by December 31, 2026, and begin early to allow for processing.

Check, credit card and ACH gifts
For a mailed check intended as a 2026 gift, mail it with a postmark no later than December 31, 2026. Make checks payable to Peacehaven Farm, Inc. and send to:

Peacehaven Farm, Inc.
1458 NC Highway 61
Whitsett, NC 27377
EIN: 26-1388416

Give online by credit card or ACH using the link below. Recurring gifts can also be arranged online. For a 2026 gift, credit card charges must be made by December 31, 2026; allow time for ACH processing and confirm completion before year-end.
Give online: **phf.app.neoncrm.com/forms/donate**

New for 2026: charitable deductions
Eligible donors who do not itemize may deduct up to $1,000 in qualifying cash gifts ($2,000 for married couples filing jointly). For donors who itemize, charitable deductions generally apply only to contributions above 0.5% of adjusted gross income. Other limits may apply. Ask your tax advisor how these changes affect your giving.

Thank you for helping create a community where everyone belongs. Your support makes room for people to share their gifts and build meaningful connections.
